435 'Owner's Version' at Excel

We are proud to present 'Pèlerin' an Ovni 435 at this year's London show. She has been tailored to her owners' requirements with a central berth in the forward cabin, one aft cabin, a single, larger heads/shower and large storage locker aft. She really lives up to Alubat's catchphrase 'Des bateaux à vos mesures' - or 'Boats built for YOU', not everybody, incorporating those features that you want in a boat, to suit your plans. If you have a project in mind that requires something a bit 'unique' come and see us.

No Need for a Cradle

Just to prove the point that Ovnis really do sit down flat when they dry out we put the 435 on her 'bottom' at Excel. Visitors will see that all that's between her and the floor are two planks of wood - and these are only there for the crane to get the strops underneath for lifting out of the show. In Paris they went one step further - 3 boats, sand and shells!

DELIVERY NEWS: Deliveries from late Autumn 08 onwards although some Spring 09 slots are no longer available.

How Unique?

A UK boat in the West Country (above) unloading for the winter, car alongside! What's unique? Alubat left off their trademark 'arch' at the owners request.
