

# Rh ea 28 & 900 UK Debuts

ISSUE 8- January 2009

## North Sea Maritime's Rh ea Newsletter

Rh ea 900

New Rh ea 28

### Two Debuts: Rh ea 28 & Rh ea 900

Two firsts - first time at a UK boatshow for the Rh ea 900 which has been around for some time and UK debut for the new Rh ea 28. Both have Rh ea's signature styling, build and sure-footed handling characteristics. If you fall in love, you could even take the 900 home with you - at a very special price!

#### New Directions for Rh ea

2008 saw Rh ea branching out with the retro-styled Rh ea 35 Open (left) which can be fitted with twin jet drives. 2009 sees the launch of the new Trawler range with the 47 (right) which will be part of a three boat range to include a 57 and 67.

Currently in the planning stage with more details to follow, long distance cruising and autonomy are the aims.

**Half Price Options** - Ask us about the special half price options available on all orders placed at the boat show. These vary from model to model but are certain to make your purchase 'more interesting'!

With all the recent additions to Rh ea's ranges our website is sadly out of date. We are in the process of revising it, so 'watch this space'!
