CHANTIER NAVAL

Standard DESCRIPTION and INVENTORY

I. GENERAL SPECIFICATIONS

- Architects	Finot-Conq
- Design category	A
- Materials	Aluminium 5083 H111 and 6060 T6 profiles Satin varnished Ash
- Hull length L_H	14.50 m
- Length on waterline L_{WL}	14.20 m
- Length overall	15.70 m
- Maximum beam	4.70 m
- Draught (min./max.)	1.62/3.30 m
- Air draught	21 m excluding aerals
- Displacement (light/maximum load)	12,000 kg/ 16,000 kg
- Ballast	3,200 kg
- Freshwater capacity	400 l
- Fuel tanks	600 l
- Blackwater tank	55 l
- Sail area upwind with square top main sail	140 m ²
- Battened square top Mainsail area	72 m ²
- Genoa area	68 m ²
- Staysail area	35 m ²
- Gennaker area	150 m ²
- Asymmetrical Spinnaker area	200 m ²
- Engine	Volvo D2-50 shaft drive (55 kW)

II. DECK FITTINGS

- Exotic wood external woodwork
- Aluminium bow nose with integrated bow roller
- Anti-slip on deck
- Self-draining chain locker, cable clinch
- Vertical electric windlass 1500W chain grab Ø8 and gypsy
- Aluminium steel anchor pulpit, LED navigation lights
- Aluminium aft pulpits
- Dyneema double lifelines on aluminium stanchions and side opening gates
- 2 bow mooring cleats 330 mm welded & bolted
- 2 stern mooring cleats 330 mm welded & bolted
- 2 midship spring cleats 330 mm welded & bolted
- 1 fore sail locker hatch (575x575)
- Forward cabin hatch (575x575)
- Forehead 3 hatches (330x330)
- Plexiglass panoramic roof
- Saloon 2 hatches (512x512)
- 6 fixed hull portholes with curtains on rails
- 1 self-supporting mainsheet track
- 2 genoa/staysail sheet tracks with 4 piston adjustable traveller cars
- 2 locking winch handles
- 2 62 AST genoa sheet/spinnaker winches
- 1 winch 62 AST mainsail sheet
- 2 62 AST halyard winches on coach roof
- Sheave boxes leading halyards and reefs back to the cockpit
- Cam clutches on coach roof for halyards, reefs, downhaul
- Water, fuel, black water deck fillers
- Hot and cold-water shower on bathing platform
- Two engine ventilation grills on bathing platform
- Bathing platform with s/s ladder and lockable life raft storage
- Harness clip-in attachment points (companionway, helm station & bathing platform)
- Block + fairleads with cam clutch for genoa furler line feeders

III. RIGGING

- Carbon mast and double floors spreaders
- LED mooring and masthead navigation lamps, halogen deck floodlight
- Genoa furling system
- Aluminium boom black or white lacquered fitted with outhaul and 3 reef lines leading back to cockpit
- 1 rigid boom vang with tackle
- Standing fractional rigging:
 - 1 forestay
 - 2 upper shrouds
 - 2 inter shrouds
 - 2 aft lower shrouds
- Running rigging
 - 1 mainsail halyard
 - 1 genoa halyard
 - 1 boom topping lift
 - 2 genoa sheets

IV. SAILS

- Sails on options list or on quotation

V. COCKPIT

- Large self-draining cockpit with direct access to bathing platform
- Bench seats, synthetic teak cockpit floor
- Coaming lockers
- Twin composite rudders, stainless steel rudderstocks & self-aligning rudder bearings
- Ø900 twin steering wheels, compass & compass cover for each helm station
- Aluminium emergency tiller
- Engine control panel on main starboard station helm, hydraulic centreboard lifting controller
- 2 locking cockpit lockers
- Storage locker for the life raft
- 1 storage lockers for gas canister
- Manual bilge pump
- 1 opening porthole in the cockpit per aft cabin
- Harness clip-in attachment points

VI. COMPANIONWAY

- companionway hatch and stainless-steel lock
- Solid wood non-slip companionway steps
- Engine access under companionway steps on gas struts

VII. NAVIGATION STATION

- Chart table with chart storage
- Navigator's seat with storage beneath
- Storage underneath chart table
- Electric control panel 12V, 1 220V socket, 1 USB sockets, leak meter, water and fuel gauge
- Opening desk for built in electronic devices
- 1 directional chart reading light + 1 LED spotlight

VIII. SALOON

- Port side U-shaped bench seat
- Large storage space under seating
- Large, fixed table
- Upholstered foam cushions, 10cm thick + backrests
- Shelf behind seating with storage space
- High furniture with fridge (210 l)
- Vinyl lining on ceiling and wood + lining on hull sides
- Laminate flooring
- 2 fixed hull portholes with curtains
- 2 hatches (515x512)
- 4 LED spotlights

Description and Inventory – Cigale 15QR – 2026/2027

IX. GALLEY

- Linear galley
- Synthetic marble worktop with solid wood fiddles (various colours available)
- Built-in s/s double bowl sink
- Pressurised hot and cold-water
- Gimballed s/s two-burner stove with oven with s/s protection rail
- Storage cupboard under sink with shelves & plastic bin
- Drawers unit under worktop
- High crockery cupboard with door and shelf
- Shelf behind the stove with bottle storage
- Ventilation through opening deck hatch (512x512)
- 2 LED spotlights, 1 socket at 220V

X. FORWARD CABIN

- 1 central double berth 200x160
- 10cm thick upholstered mattress
- Storage lockers under berth
- 2 drawers at the berth end
- 2 Ventilated hanging lockers
- Locking door separating cabin from saloon with retaining hook
- Vinyl lining on ceiling and wood + lining on hull sides
- 2 shelves on hull side
- Ventilation through opening deck hatch (575x575)
- 2 fixed hull portholes
- 3 spotlights, 2 adjustable reading LED light with USB socket

XI. FORWARD HEAD & SHOWER COMPARTMENT (OPTIONNAL)

- Separating door to cabin
- White laminate bulkheads
- Synthetic marble worktop, cabinet behind the washbasin
- Mirror
- Manuel pump toilet, plastic holding tank (55L)
- Washbasin + hot and cold pressurised spray tap
- Ventilation through opening deck hatch (330x330)
- 1 LED spotlights, 1 220V socket

XII. AFT CABINS

- Double berth 200x160 cm
- 10cm thick upholstered mattress
- Storage under berth
- Storage locker with ventilated hanging locker
- Locking door separating cabin from saloon with retaining hook
- Vinyl lining on ceiling and wood on hull sides
- Ventilation by 2 opening portholes
- 1 Hatch (330x330)
- 1 fixed hull porthole with curtains
- 2 spotlights, 2 LED adjustable reading lights with USB socket

XIII. AFT HEAD-SHOWER COMPARTMENT

- Locking door separating the cabin from the saloon
- Separated shower compartment

- Shower column with mixer (hot/cold pressurized water)
- White laminate bulkheads
- White & Grey layouts, synthetic marble worktop
- Cabinet behind the washbasin
- Mirror on bulkhead
- Manuel pump toilet, plastic holding tank (55L)
- Washbasin + hot and cold pressurised spray tap
- 1 electric shower discharge pump
- Ventilation by 2 portholes
- 1 LED spotlight, 1 220V socket

XIV. FORWARD STORAGE LOCKER

- Access by opening deck hatch 575x575
- Aluminium ladder for access
- LED light

XV. MECHANICS – ELECTRICITY

- Volvo D2-50 shaft drive, 50 hp insulated two-pole diesel engine
- Soundproof ventilated engine compartment
- 230V AC 50Hz Circuit which includes dock outlet, leakage protection & electric panel
- 4 AGM service batteries $\cong 130\text{Ah}$ + 1 engine battery $\cong 90\text{Ah}$
- Battery charger ($\cong 60\text{A}$) and 120A load distributor
- 40 l water heater, 220V supply and via engine heat exchanger
- Automatic electric bilge pumps with switch on control panel
- Aluminum welded seacocks
- Swing keel on hydraulic cylinder

Alubat Chantier Naval regularly improves its models thanks to feedback from customers and the developments made by its teams. The specifications in this document are not binding and ALUBAT reserves the right to update them without notice.
